**November 2007**

Opening a new Business Banking Centre at Erina, on the Central Coast, reflects Westpac's confidence in the region according to local Westpac Commercial Manager, Gerard O'Hearn. The new Westpac Banking Centre was officially opened by the Sharpe Family who have been customers of Westpac for more than 40 years. The opening was also attended by Tim Harrington, Westpac's General Manager for Commercial and Regional Banking along with Mr Hugh McKay, Westpac's International Economist.

Thanking the Sharpe Family, Mr O'Hearn said "As a token of our appreciation for the time and effort you put in to making the opening a superb experience for our guests, Westpac has made a donation to the Salvation Army. On behalf of Westpac I would like to extend our sincere thanks to the Sharpe Group of Companies for taking the time to officially open the Erina Westpac Business Banking Centre. "
